

Opportunity: East Asia

Echoes International is sharing an exciting new team ministry opportunity, to support an existing ministry serving university students in a region of East Asia.

This opportunity would be suitable for people who are willing to work within a small team in a 'creative access' country and would require a minimum commitment of one year.

Interested persons could come to work as an English language teacher or to study the local language, or a combination of both.

Requirements:

- for all: an aptitude for language learning
- for those interested in teaching, a degree and teaching qualification (this can include TEFL/TESOL)

Included: Accommodation and an appropriate visa

Contact: If you feel called to serve this region or would like to discuss this opportunity further, please contact Echoes International, mission director, Rupert Abbott, rupert.abbott@echoesinternational.org.uk
